

SAURYA BHATT

Dallas, TX | bhattsaurya17@gmail.com | Portfolio | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Data Science student at The University of Texas at Dallas with experience building analytics tools in Python, Streamlit, R, and SQL. Seeking research and Summer 2027 internship opportunities in data science and analytics.

EDUCATION

The University of Texas at Dallas

Expected May 2029

Bachelor of Science in Data Science

Richardson, TX

Relevant coursework: Programming Fundamentals, Calculus I, Supply Chain & Operations Management, Principles of Marketing, Business Law

TECHNICAL PROJECTS

Business Decision Analyzer | Independent Project

In Progress

- Planning a tool that will analyze business datasets and select methods based on the data and the user's question.
- Writing requirements for statistics, forecasting, optimization, data checks, and clear reporting before implementation.

SaaS Analytics Dashboard | ACM Projects Mentee | [Live App](#) / [GitHub](#)

Spring 2026

- Built and deployed a Streamlit app that calculates MRR, churn, LTV, retention, plan distribution, and customer activity from subscription data.
- Added filters, downloads, cohort analysis, refund tracking, and analysis of revenue lost to churn.
- Added Gemini summaries based on metrics calculated in Python.

TravelBudgetFX | AI Mentorship Program | [GitHub](#)

Fall 2025

- Worked on a team travel-budgeting app that used exchange-rate and travel data to estimate trip costs.
- Contributed chatbot functionality and backend data processing using APIs and structured data.

EXPERIENCE

UT Dallas Athletics | Video & Event Staff

Aug 2025 - May 2026

The University of Texas at Dallas | Richardson, TX

- Operated camera and video equipment for live athletics events.
- Set up equipment, reported technical issues, and coordinated with event staff during events.

LEADERSHIP & INVOLVEMENT

Nepali Student Association at UT Dallas | Event Coordinator

Fall 2026 - Present

- Plan events and support general club operations.

Key Club | Vice President, Denton High School

Aug 2024 - May 2025

- Coordinated 20+ service events and supported volunteer planning, communication, and member participation.

Additional leadership: Texas Boys State Delegate (June 2024); LULAC Historian (Aug 2023 - May 2024)

SKILLS

Programming & analytics: Python, R/RStudio, SQL, Microsoft Excel, pandas, ggplot2, dplyr

Tools & methods: Streamlit, Git/GitHub, Gemini API, REST APIs, data visualization, KPI development, churn and retention analysis

Productivity: Microsoft Office, Google Workspace, troubleshooting, basic video editing

Languages: English and Nepali (fluent); Spanish (basic conversational)
