

SAURYA BHATT

Dallas, TX | bhattsaurya17@gmail.com | Portfolio | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Data Science student at The University of Texas at Dallas with experience building business analytics applications and translating structured data into KPIs, visualizations, and decision-ready insights. Currently developing the research and product blueprint for a computation-first Business Decision Analyzer. Seeking research and internship opportunities in data science, analytics, applied AI, and product analytics.

EDUCATION

The University of Texas at Dallas

Bachelor of Science in Data Science

Expected May 2029

Richardson, TX

Relevant coursework: Programming Fundamentals, Calculus I, Supply Chain & Operations Management, Principles of Marketing, Business Law

TECHNICAL PROJECTS

Business Decision Analyzer | Independent Project

In Progress

- Developing a product and research blueprint for a computation-first system intended to convert business data into evidence-backed decisions.
- Designing a workflow in which statistics, machine learning, simulation, and optimization generate quantitative results while an LLM explains only verified outputs.

SaaS Analytics Dashboard | ACM Projects Mentee | [Live App](#) / [GitHub](#)

Spring 2026

- Built and deployed a Streamlit application that converts subscription and customer data into MRR, churn, LTV, plan distribution, and customer activity KPIs.
- Developed filters, downloadable outputs, signup and churn trends, cohort retention analysis, refund tracking, and recurring-revenue-loss analysis.
- Integrated Gemini narrative insights while keeping Python-computed metrics as the source of truth and separating verified calculations from AI explanations.

TravelBudgetFX | AI Mentorship Program | [GitHub](#)

Fall 2025

- Collaborated on a team web application using exchange-rate trends and external travel data to forecast trip costs and support travel-budget planning.
- Contributed chatbot functionality and backend data processing to translate user trip inputs into budget guidance through APIs and structured data.

EXPERIENCE

UT Dallas Athletics | Video & Event Staff

Aug 2025 - May 2026

The University of Texas at Dallas | Richardson, TX

- Operated camera and video-production equipment for live athletics events while maintaining technical accuracy, safety procedures, and event timelines.
- Completed equipment setup and teardown, reported technical issues, and coordinated with event staff to keep live operations on schedule.

LEADERSHIP & INVOLVEMENT

Nepali Student Association at UT Dallas | Event Coordinator

Fall 2026 - Present

- Support event planning and general organizational operations for the campus association.

Key Club | Vice President, Denton High School

Aug 2024 - May 2025

- Coordinated 20+ service events and supported volunteer planning, communication, and member participation.

Additional leadership: Texas Boys State Delegate (June 2024); LULAC Historian (Aug 2023 - May 2024)

SKILLS

Programming & analytics: Python, R/RStudio, SQL, Microsoft Excel, pandas, ggplot2, dplyr

Tools & methods: Streamlit, Git/GitHub, Gemini API, REST APIs, data visualization, KPI development, churn and retention analysis

Productivity: Microsoft Office, Google Workspace, troubleshooting, basic video editing

Languages: English and Nepali (fluent); Spanish (basic conversational)
